

Plank grating Dimple

Stainless steel

Punched hole mesh gratings CUBE® Dimple has a high strength-to-weight ratio which means that strength is maintained while weight is reduced. The greater the span, the lower is the weight – in relation to pressure-locked mesh gratings. CUBE® Dimple mesh gratings are recommended in industries where hygiene and high air- or liquid flow are required.

Specifications

Free area	50-56 %
Downward drainage holes	34x34 mm
C-C grid	43,5 x 43,5 mm
Ball proof	35 mm in accordance with BS 4592

Suitable application areas

Ventilation
